

PROVIDER ALERT

HealthChoices Allegheny

Alert # 1-2003-01-07 A

UPMC for You

January 6, 2003

UPMC Health Plan has announced that the name of the Physical Health Medicaid Managed Care program previously known as Best Health Care of Western Pennsylvania has been changed to *UPMC for You* effective January 1, 2003.

The name change will not affect the benefits that members receive, but rather will better reflect the program's connection to the UPMC Health Plan and parent company, UPMC Health System.

New identification cards that include the *UPMC for You* name are being distributed to enrollees. We ask that you as the provider pay close attention to this change and clearly distinguish a member's eligibility for the Medicaid product from those of the Medicare (*UPMC for Life*) and commercial product UPMC Health Plan (Western Behavioral Health).

If you have any questions about these recent changes, please feel free to call our Customer Services Line at 1-888-251-2224.
