---

Alert # 13 – 2006 – 11-30 – HCAL, HCCH, HCYA, HCBerks, HCNE, HCNC

## **Notification Regarding Change to BHRS ISPT Meeting Attendance Request Form**

Community Care Behavioral Health is issuing this alert to inform all Behavioral Health Rehabilitation Services (BHRS) providers of the following change to the Interagency Service Planning Team (ISPT) meeting attendance request form (attached) :

- Effective December 4, 2006, Community Care Behavioral Health will require providers of Behavioral Health Rehabilitation Services (BHRS) to use the revised BHRS ISPT Meeting Attendance Request form.
- The form has been revised to allow the provider to include information regarding the specific BHRS service hours recommended in the child's evaluation.
  - For example, if the child's evaluation includes a specific request for 2 hours of Behavioral Specialist Consultant (BSC) services per week , the ISPT Meeting Attendance Request form will now include that specific information (i.e. BSC: 2 hours per week)
- **Note:** The revised form is still to be faxed to their respective Community Care Behavioral Health Care Manager at least seven (7) days prior to the scheduled ISPT meeting.

**If you have questions related to this clarification please contact your provider relations representative.**
