COMMUNITY CARE CLINICAL FORMS AVAILABLE ONLINE

Community Care Behavioral Health Organization (Community Care) has clinical forms available on our website. We have made the forms more user-friendly and you can now save the forms with the data you enter intact. We believe this will decrease the amount of time it takes to fill out the forms.

You must have Adobe Acrobat Reader 7.0 or higher to be able to save the data. If you have an earlier version of Adobe Acrobat Reader or are unsure of which version you have, you can follow the link on the top of our forms page and download (at no cost) the most recent version of Adobe Acrobat Reader.

The link to our forms page is:

If you have problems with the forms on our website, you can contact Community Care via e-mail at **CCBH_webappsupp@ccbh.com**.
